

AISLE CONTAINMENT

ABOUT **FAZTEK**

Faztek is a B2B manufacturer that creates custom industrial solutions from aluminum extrusions to steel and more. Faztek's mission is to provide quality solutions through innovative designs, dependable service, efficient turnarounds and competitive prices.

Custom Frames

Custom aisle containment systems can be made from a variety of aluminum extrusion profiles allowing your design to be flexible and scalable.

Multiple Panels

With our variety of panel options, including our twin wall polycarbonate, you can mix and match styles and thicknesses for your applications needs.

Flexible Gasket

Gasket used in between the panels and frames help seal in air flow to conserve energy and reduce vibration throughout the systems.

Self-Closing Doors

With the option of locking and non-locking self-closing doors you are able to better control temperature by avoiding air leakage caused by left open doors.
